

■ LIVE CFB SCORES

Stream Deck Plugin

Live college football scores on every button — no account, no API key, no hassle.

FEATURES

Live scores	Away score, home score, quarter, and game clock updated every 30 seconds.
Possession indicator	The team with the ball has its abbreviation highlighted in brown.
Red zone alert	Clock line turns orange-red when either team enters the red zone.
Score-change flash	Button flashes in the scoring team's primary color when points go up.
End-of-game fireworks	A short celebration animation plays in the winning team's colors.
Pre-game matchup	Shows opponent and scheduled kickoff day/time before the game.
Final scores	Holds the final score after the game ends, including OT labeling.
ESPN Gamecast	Press any button during a game to jump straight to Gamecast in your browser.
Team schedule	Press the button when there's no game to open that team's ESPN schedule.
136 FBS teams	All 11 conferences covered — SEC, Big Ten, ACC, Big 12, and more.

BUTTON STATES

Pre-game MRSH @ UGA Sat 7:30 PM	Live MRSH 7 ● UGA 45 Q4 2:13
--	--

SETUP

1. Install the `.streamDeckPlugin` file by double-clicking it.
2. Drag **Live CFB Scores** onto any Stream Deck button.
3. Search for your team or browse by conference in the settings panel.
4. Done — the button loads your team's game within seconds.

REQUIREMENTS

Stream Deck software **6.9 or later** (Mac or Windows).
No account or API key required — data comes from **ESPN's free public scoreboard API**.
